Re: Required Submission Of Information
Chillum PERC Site, Hyattsville, Maryland

Dear [REDACTED]

The U.S. Environmental Protection Agency ("EPA") is seeking information concerning a release, or the threat of release, of hazardous substances, pollutants or contaminants into the environment at the Chillum PERC Site (hereinafter the "Site" or the "Facility").

EPA is investigating contamination at the Site from perchloroethylene. An extent of contamination study is currently being conducted at the gas station at Eastern Avenue and Riggs Road by the current property owners or operators due to a leaking underground storage tank. The study shows levels of perchloroethylene which are not normally associated with gasoline spills. EPA personnel visited the House of Kleen facility operating on your property on June 7, 2002 and inquired about its operations.

Pursuant to the authority of Section 104(e) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), 42 U.S.C. Section 9604(e), EPA has the authority to require you to furnish all information and documents in your possession, custody or control, or in the possession, custody or control of any of your employees or agents, which concern, refer, or relate to hazardous substances as defined by Section 101(14) of CERCLA, 42 U.S.C. Section 9601(14), and pollutants and/or contaminants as defined by Section 101(33), 42 U.S.C. Section 9601(33), which were transported to, stored, treated, or disposed of at the above-referenced Facility.

Section 104 of CERCLA authorizes EPA to pursue penalties for failure to comply with that section or for failure to respond adequately to required submissions of information. In addition, providing false, fictitious, or fraudulent statements or representations may subject you to criminal penalties under 18 U.S.C. Section 1001. The information you provide may be used by EPA in administrative, civil, or criminal proceedings.

Instructions for responding to this required submission of information are provided below.
